SoClean 2

A safe, easy, natural way to thoroughly clean and sanitize your CPAP equipment

The SoClean CPAP sanitizing machine uses safe, natural, activated oxygen to thoroughly sanitize your entire CPAP system by eliminating any mold, bacteria, and viruses it comes in contact with.

SoClean 2 CPAP Cleaner and Sanitizer

Order# CAPI007 MSRP
\$299

Benefits

- Destroys 99.9% of bacteria, viruses, and mold
- Peace-of-mind clean
- Completely automated
- No need to take CPAP equipment apart
- Sanitizes without chemicals or water
- Same sanitizing process used in water purification, produce, and hospitals

Features

- New sleek design
- Easy filter cartridge system
- Front display
- Indicator lights throughout the cycle
- Left or right hose insertion option
- Smaller footprint (8.75in H x 7.25in W x 7.75in D)

The inside chamber was designed specifically so that multiple mask types can be used within the SoClean unit, from nasal pillow masks to full CPAP masks. SoClean uses a universal fitting to integrate into an array of CPAP models.
